Letters from

Hello Everyone,

I would like thank you all for joining me for SNAFU Con 2016. Whether you are just attending or if you are donating your time and energy to better the con in some way. I want everyone to know that I appreciate the hard work, sacrifice, planning, and dedication it has taken to get to this moment. You have all already given a piece of

yourself to SNAFU. You didn't have to, really you didn't, but I think it's fantastic that everyone has.

Many of us carry SNAFU Con very close to our hearts and truly there is no place we would rather be. I hope to, with help, to share this feeling with every attendee. I want each and every one of you to cherish SNAFU Con and help it be a place that is safe and welcoming not only to you and me, but also to your friends, family, and other fans. I need everyone's help to make those things happen and to make SNAFU Con as awesome as possible.

There are some amazing ways to get this done and also experience this year's con. Some ways to do so are: be friendly, be helpful, provide feedback, volunteer, host a panel, or even staff. Most importantly, have an awesome time! I, hereby, invite you all to enjoy the panels, workshops, video rooms, special guests, gaming, main stage events, artists, vendors, karaoke, and everything else.

Our staff and volunteers have worked tirelessly to bring you this year's con. So please do enjoy it, and don't forget to revel in the company of your fellow con-goers, have fun, party with friends, and maybe make some new friends too.

Suit up, SNAFU!

Nathan Sindar
SNAFU Con Chairman

Hello all,

It's been quite the roller coaster this year. I've personally gone from being super excited for con, to being terrified it's so close, and back again. It's been a year of heartache, headache, and frustration, and yet it has still been an amazing year of awesomeness, with a staff that I love and can't live without. I couldn't do this without the support of all of these amazing people. I love you guys. And it simply isn't possible to convey how indebted I feel to a particular few who have stepped up and stood by me this year, and took on so many of the burdens of running this con. There are no words. Only Zuul.

We did it, guys. One more year . . . one more year of learning experiences, customer service opportunities, and trying our best to put on the best darned convention we can. Welcome to our seventh year of SNAFU Con. We've come so far, and yet we still have so far to go.

We're excited to be expanding our space and we hope that the new area will give the con a more cohesive feel, even though we're still split between two floors. We have some cool guests, awesome programming, great vendors and artists, and much more. Put on your party suit, cover up your birthday suit, grab your favorite card suit, and check out the law panel where you can ask questions about law . . . suits. =)

Have fun and I'll see you in the hentai room.

the Chairs

Welcome to SNAFU Con 2016, everyone – and thank you for sharing your weekend with us.

We've been able to spread out a little more this year, thanks to the successful previous year here at The Nugget. Most notably, we've expanded the space for our main stage, as well as our tabletop gaming area. As our event continues to grow, we hope to continue this growth of our event's footprint.

We hope that you all have a great weekend, have some fantastic experiences, make some great memories, and catch a lot of Pokémon.

Abe Navarro
SNAFU Con Gaming Chair

What Suits You?

Vendor Room Map

Find Skellingtons, Win Prizes!

Skellington.

Help Marteen Bonelow save his friends who are trapped in the Vendor Room! Even though they might be small, he has a bone to pick with his enemies. Will the beautiful Nicole Ribcage be saved in time? His enemies are Fluffy Boneleone, William Boneappetite, and Dr. Bonejangles. His missing friends are James Bones, Captain Bone Marrow, and Señor

There are a total of 7 skeletons hiding in the vendor room, plus Marteen, who is roaming around the con floor. Find all 8 to win a prize! The rules are:

1. Be aware of your surroundings: they might be on the floor, in your line of sight or above your head!
2. Take a skelfie with each skeleton: you must be in the photo to claim your find.
3. Don't move or steal the skeletons from their hiding place. Cheating will not be tolerated.
4. Don't give away their hiding spot! Leave it a mystery for the others to enjoy.

The first 2 winners, on each day, will receive a grand prize and any later winners will get a smaller prize. Don't give up! Every day the skeletons will be moved around in the vendor room, so don't waste your time looking for them in the same place. Collect your prize from the vendor head at Registration. Make sure you have all 8 photos ready to present. Happy searching!

Pathfinder

The Pathfinder Society will be hosting a plethora of events, including con exclusive special adventures, for all role-playing enthusiasts. Whether you're a battle-hardened veteran or new to the gaming scene, Pathfinder has the adventure for you! No supplies or previous experience is necessary.

PF Mod: Ire of the Storm Part 1: The Deluge

Levels 1-2 • Thurston Hillman

Pridon's Hearth is Sargava's newest colony, pushing the country's borders further south than ever before and attracting treasure-hunters, fortune-seekers, and troubled souls hoping for a fresh start. But unnaturally powerful storms rock the tiny settlement just as the local lizardfolk tribe declares war on the colonists within. Are these threats somehow related? What became of the heretical cult of Gozreh that journeyed to the region a century ago, and do its corrupt teachings hold the key to calming the growing hurricane? Can the heroes protect the growing community from raging tempests and hostile monsters alike? And what role does the shadowy Aspis Consortium play in these recent dangers? These challenges and more await heroes willing to face down the Ire of the Storm!

PF Mod: Ire of the Storm Parts 2-3: Beyond the Colony

Levels 2-4 • Thurston Hillman

Pridon's Hearth is Sargava's newest colony, pushing the country's borders further south than ever before and attracting treasure-hunters, fortune-seekers, and troubled souls hoping for a fresh start. But unnaturally powerful storms rock the tiny settlement just as the local lizardfolk tribe declares war on the colonists within. Are these threats somehow related? What became of the heretical cult

of Gozreh that journeyed to the region a century ago, and do its corrupt teachings hold the key to calming the growing hurricane? Can the heroes protect the growing community from raging tempests and hostile monsters alike? And what role does the shadowy Aspis Consortium play in these recent dangers? These challenges and more await heroes willing to face down the Ire of the Storm!

PFS 3-10: The Immortal Conundrum

Levels 5-9 • Larry Wilhelm

When the Pathfinder Society receives an invitation to a dinner party at the Thuvian Embassy, hosted by the guardian of this year's six doses of the infamous sun orchid elixir, the Decemvirate sends a team of Pathfinders to represent them and uncover the nature of the event. Can the PCs navigate the complex social landscape of Absalom's elite and gain access to the mysterious vault known as the Conundrum, or will they face public ridicule or worse in the face of the steepest competition in the Inner Sea?

PFS 5-08: The Confirmation

Levels 1-2 • Kyle Baird

Almost all Pathfinders undergo extensive training for three or more years to learn the tricks of the trade, and their last test before graduating from the ranks of the initiates to the status of a full Pathfinder agent is the Confirmation, a special research project that involves considerable fieldwork and is designed to simulate the initiates' future work as a Pathfinder. Even the noteworthy field commissioned agents sometimes participate in such trials as a way to familiarize themselves with the Pathfinder Society's rules and expectations. Although Confirmation is typically an individual affair, the society recently discovered a site on

the Isle of Kortos that would be perfect for initiates but perhaps too dangerous to handle alone. Successfully uncovering this site's secrets will not only contribute to the society's body of knowledge but shape the exciting careers ahead for each of the prospective agents.

PFS 5-09: The Traitor's Lodge

Levels 3-7 • Thurston Hillman

During the recent attack on Nerosyan, Pathfinders sought out a local venture-captain to aid in the city's defense. What they found instead suggested the leader had not only fled recently but had played a part in the demons' offensive. Venture-Captain Jorsal has determined that the safety and integrity of the Pathfinder Society requires that a team delve into the sealed basement beneath the abandoned lodge to determine what other plans his turncoat colleague may have set in motion. **Factions:** Grand Lodge

PFS 5-11: Library of the Lion

Levels 1-5 • John Compton & Kyle Elliot

Few societies have so vaunted a tradition of leading crusades as Taldor, yet the constant revisions to its history by scheming factions leaves the truth obscured by countless acts of political modifications. Even the lauded Kitharodian Academy's texts are riddled with these changes, so when a secretive ally approaches the Pathfinder Society with information about a hidden archive that contains the unaltered histories, the Pathfinders plan a daring infiltration to recover the secrets of Taldor's past victories so that Mendev might benefit from the discovery. **Factions:** Dark Archive, Grand Lodge, and Sovereign Court

PFS 5-99: The Paths We Choose

Levels 3-7 • Tim Hitchcock

The failure of Mendev's wardstones set in motion not only a new crusade but also catalyzed a change in the Pathfinder Society's various factions. As the Pathfinders prepare to march on the Sky Citadel Jormurdun, members of the various factions scramble to consolidate their gains and neutralize their enemies. "The Paths We Choose" is a special event designed to highlight the changes in each faction over the course of Season 5, The Year of the Demon, and the adventure is different for each group depending on which factions are represented at the table. Factions: Dark Archive, Liberty's Edge, Scarab Sages, Sovereign Court, and The Exchange

PFS 6-04: Beacon Below

Levels 7-11 • Matt Duval

Thousands of years ago, a defeated order of Osirian sages sought refuge in the perilous Pillars of the Sun in central Osirian. Until recently they were presumed lost, but recent exploration has uncovered the fortress sanctum they left behind. When the PCs delve into one of its sealed halls, they find the sages' millennia-old projects dormant but not dead. Content in "Beacon Below" also contributes directly to the ongoing storylines of the Dark Archive and Scarab Sages factions. Factions: Dark Archive and Scarab Sages

PFS 6-10: The Wounded Wisp

Levels 1-2 • Thurston Hillman

More than 400 years have transpired since the Pathfinder Society began in a humble tavern that has quietly weathered the centuries without incident. When a routine errand there uncovers a clue left behind by one of the founding Pathfinders, it's up to the PCs to solve a puzzle whose pieces are scattered across Absalom—and whose prize dates back to the

Society's darkest years. "The Wounded Wisp" is an evergreen, replayable scenario designed to help introduce players to the history of the Pathfinder Society and Absalom's greatest sites.

PFS 6-18: From Under Ice

Levels 1-5 • Andrew Hoskins

Rumors of an ancient settlement and its priceless treasure locked beneath Irrisen's perpetual ice have reached the Society's ears. The Pathfinders set out to the Land of the Linnorm Kings with a precious cargo of trade goods to buy their way into the witch-ruled nation, but even approaching Irrisen is fraught with danger. Can the PCs navigate the frozen wastes and recover the relics within, or will the icy climate claim their lives? Content in "From Under Ice" contributes directly to the Year of the Sky Key metaplot as well as the ongoing storyline of the Grand Lodge and Scarab Sages factions. Factions: Grand Lodge and Scarab Sages

PFS 6-99: True Dragons of Absalom

Level 4 • Thurston Hillman

A Pathfinder Society Scenario designed for 4th-level pregenerated characters. For several years, the Pathfinder Society has enjoyed a mutually beneficial alliance with the Sewer Dragons, the dominant tribe of kobolds living beneath Absalom. When an elite patrol discovers a wounded member of the Society with a desperate message, the Sewer Dragons must move quickly intercept an extraordinary threat from seizing their territory—if not Absalom itself! In this special adventure the players portray kobolds as unlikely defenders of the City at the Center of the World using 4th-level pregenerated characters.

PFS 7-21: The Sun Orchid Scheme

Levels 1-5 • Nicholas Wasko

With the power to vastly extend life, the sun orchid elixir is one of the most prized items in the Inner Sea—and as a result one of the most dangerous to transport. After his shipments of sun orchid elixir vanished without a trace two years in a row, the ruler of Pashow is desperate to ensure that his next delivery goes off without a hitch. In order to test its security, Pashow has hired a team of Pathfinders to execute their finest heist and test the convoy's defenses. Are the PCs up to the challenge? Content in "The Sun Orchid Scheme" also contributes directly to the ongoing storyline of the Sovereign Court faction. Factions: Sovereign Court

PFS 7-98: Serpents' Ire

Level 8 • John Compton

A Pathfinder Society Scenario designed for 8th-level pregenerated characters. A parasitic faction known as the Korholm Agenda has tried to corrupt the upstanding Aspis Consortium from the inside out, all in the vain pursuit of revenge and profit. Now one of the powerful Aspis Patrons has learned that the Korholm Agenda has siphoned the Consortium's funding to build a base of operations in Nidal. This shall not stand. He has assembled a team of top agents—including both new faces and veterans of the attack on the Grand Lodge a year ago—to infiltrate the operation and shut it down by any means necessary. In this adventure the players portray agents of the Aspis Consortium using 8th-level pregenerated characters. Content in "Serpents' Ire" also ties into a special metaplot element from Pathfinder Society Special #6-98: "Serpents Rise." Players who have completed that special event are encouraged to bring its Chronicle sheet when playing this adventure.

PFS 7-99: Through Maelstrom Rift

Level 6 • Linda Zayas-Palmer

A Pathfinder Society Special designed for 6th-level pregenerated characters. Even the limitless Plane of Air is at risk of eldritch instability, and a cult dedicated to the planes' integrity has sensed an imminent calamity brewing deep within a primal storm. In this special adventure, the players portray a diverse coalition of elemental guardians that must embark on perilous journey into the maelstrom's heart and avert a disaster that threatens the Inner Sphere.

PFS 8-00: The Cosmic Captive

Levels 1-11 • Matt Duval

Astronomers have marveled as the famous comet Aucturn's Tear once more soars through the solar system, yet this cycle, strange portals have begun opening on each planet the comet passes, and a powerful entity trapped on the other side of these gateways desperately calls for help. To the Pathfinder Society, this is a once-in-a-human-lifetime opportunity to discover what lies through these portals—and either free the captive trapped within or ensure that it remains sealed forever. "The Cosmic Captive" is a multi-table interactive adventure in which each group's actions contribute to the entire room's success.

PFS 8-01: Portent's Peril

Levels 1-5 • Scott Sharplin

Even in an age where prophecy rarely comes true, many in Varisia hold the mysterious Harrow cards and their predictions in high esteem. The Pathfinder Society's ally Zeeva Foxglove recently received a Harrow reading as repayment for her generosity, but a rare card appeared and portended imminent doom. Now that these terrible predictions are coming true, Zeeva realizes she cannot weather this storm alone. It's up

to the PCs to save this friend and philanthropist—perhaps by changing fate entirely.

PFS 8-04: Wardens of Sulfur Gulch

Levels 7-11 • Isabelle Lee

Among the earliest Pathfinders was Gojan the Sharp, famed for his studies of the technology-strewn wasteland of Numeria before he disappeared forever into the infamous Silver Mount. The Pathfinder Society has uncovered a forgotten cache of Gojan's Numerian journals, identifying sites unknown even to the local barbarian chieftains. The time is right to unearth a pristine piece of alien technology! However, Pathfinders should remember that for every untouched marvel that remains, an unblinking sentry may lie in wait.

PFS 8-05: Ungrounded but Unbroken

Levels 1-5 • Jenny Jarzabski

The Peerless Empire of shaitan genies has warred with its fiery counterpart for centuries and thinly stretched resources leave the shaitans in need of additional aid. They have founded a new state-sanctioned mercenary company known as the Ungrounded, which draws upon free agents from across the multiverse. One of the Society's few friends on the Plane of Earth has recommended at least a handful of Pathfinders join the Ungrounded, knowing that even a few months' service could dramatically enhance the Society's reputation (and fill those agents' pockets) in this distant realm. The PCs travel to the magnificent Opaline Vault as the Society's first envoys, but in doing so they must survive the otherworldly threats that lurk in both this strange environment and within their own ranks. Content in "Ungrounded but Unbroken" also contributes directly to the ongoing storyline

of the Sovereign Court faction. Factions: Sovereign Court

PFS Special: Ruins of Bonekeep Level 2: Maze of the Mind Slave

Levels 3-7 • Jason Bulmahn

A group of Pathfinders recently delved into the ruins of Bonekeep, a siege fortress destroyed centuries ago. There they discovered not only terrifying threats but also extraordinary treasures. Warded by the magic of a senior Pathfinder, the party must explore as much of Bonekeep as they can before the spell dissipates, lest they too are enslaved by the enchanted maze that looks hauntingly more familiar with each discovery.

PFS Special: Ruins of Bonekeep Level 3: The Wakening Tomb

Levels 5-9 • Jason Bulmahn

A Pathfinder Society Scenario designed for 8th-level pregenerated characters. Throughout many an inn and tavern in Absalom, talk centers around the ancient siege castle of Bonekeep. Thought abandoned, rumor now holds that the crumbling fortress might once again harbor a threat to the city. Numerous groups of Pathfinders have ventured inside but few have emerged, speaking of terrors of the body and mind. Despite their losses, the Pathfinder Society has pushed ever deeper into the dungeons underneath Bonekeep, and some believe they may have found its heart. But purging that foul place of the evil within might exact the ultimate price.

Whether this is your first year or your seventh year, we hope you have enjoyed our con. It takes hard work and dedication from staff and volunteers to make this event great. We continue to strive to make this convention better each year, but we can not do this without your help. Email hr@snafucon.com and tell us you want to be staff! Not only will you contribute to SNAFU Con's awesomeness, you will also get a free badge!

Now I know what you are saying, "Staff? That sounds like a lot of hard work." Well it is, but ask any staff member and they will tell you it is worth the effort. If your time is limited, but you still want to help out, consider volunteering! Sign up as a volunteer by emailing hr@snafucon.com and letting us know! Volunteers only help out during con. For just four hours a day, you can earn your registration fee back. You still get to see the panels, watch the anime, and participate in the tournaments.

With your help, we will continue grow into a bigger and better con. Sign up now!

See you next year for SNAFU Con 2017!
