Thank you to these awesome
Sponsors and Conventions:

The unknown is frightening.

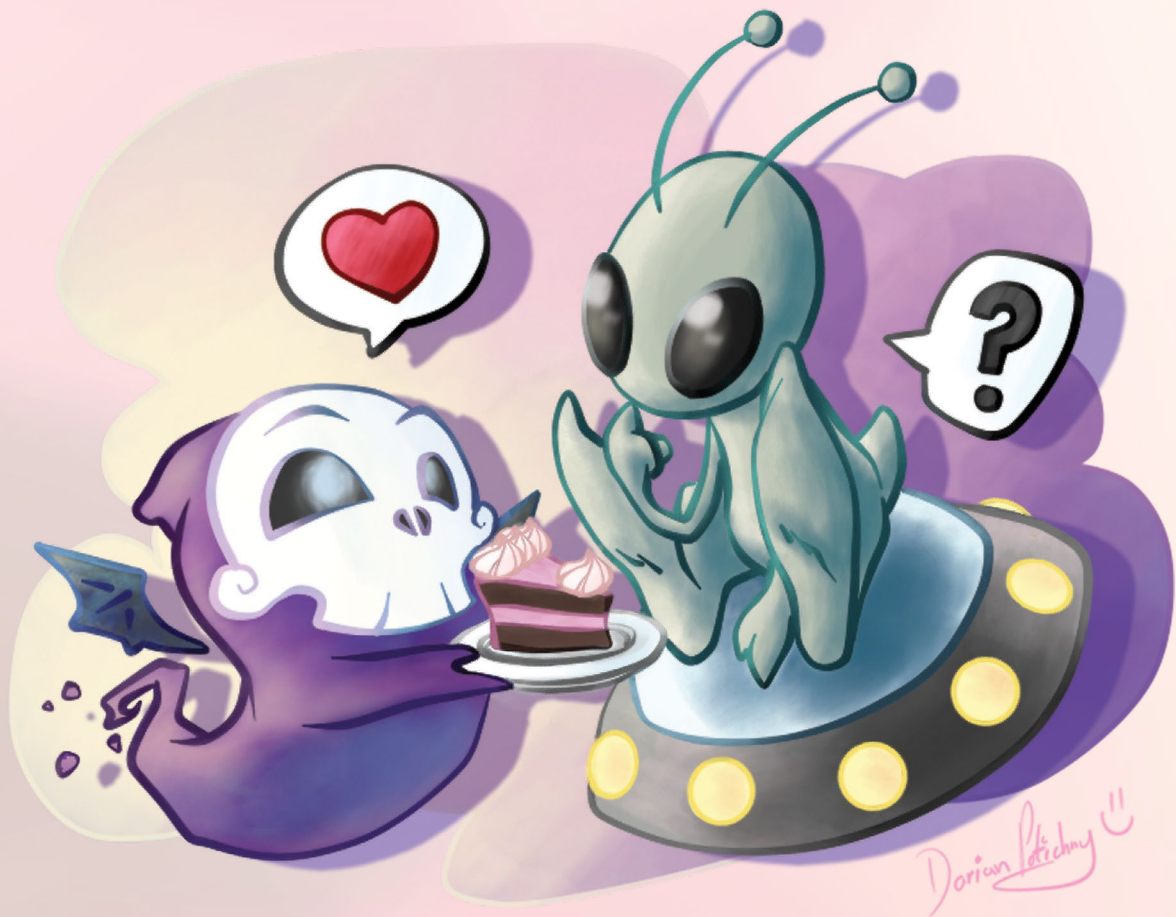

SNAFU Con knows the truth is out there! Help us find it by providing your feedback. Did you like something you experienced? Did you hate something you saw? Do you just want to tell us a story? We want to hear all of it. We take all feedback into consideration when planning for the next year and we can't fix things we don't know about.

feedback@snafucon.com

The theme for 2018 is Paranormal!

There is a lost dimension between worlds, the door to which only opens once year, for a brief time. It is a dimension limited only by your imagination. It is the middle ground between fantasy and reality, between science and superstition. It lies in the pit of everyone's tenuous grip on sanity, making one question what is true and false. This is the dimension of the unknown. It is an area which we call SNAFU Con.

Letters from the Chairs

Hi everyone,

This has been a really challenging year with lots of changes.

First off, I want to welcome our new Convention Chair, Amy. Amy attended in 2010, joined the staff the following year, and has been head of HR since 2013. She knows a lot about the inner workings of the con and she's going to do great things as Chair. She came in pretty late this year but I'm excited to see what she will do with 2019.

Another major change is we're back at the GSR again this year and next year. Thomas stepped up as our new Venue Liaison and he's been doing an amazing job at it. If you're happy we're back at the GSR then thank Thomas; he got it done.

As great as it is to be back, moving venues added a lot of extra work. The new space took a lot of time to lay out but it allowed us to do new cool things we've never done before.

We've also had a dramatic shift in dates. Being the weekend before Thanksgiving has been really hard. Several staff have simply had to bow out for this year because of prior obligations (no hard feelings, we swear!). It's really driven home how understaffed we are and how much we need more help. It's also been a fantastic opportunity for other staff who had more free time on their hands to step up and shine. We could not have done this year without everyone who pulled together to make it happen.

Our staff are amazing. I could probably write forever about how amazing our staff are but I want to call out a few people this year. So, special thanks to: Sammich for being as crazy as I am and taking on everything, Thomas for suffering through the stress and for making all the phone calls, Ami for the freaking amazing memes on our social media, Nuriko for volunteering for so much and helping move along all the things, Katana and Cassy for handling all the emails, and all the other awesome staff who also deserve special thanks but I'm a terrible person and can't remember specifics at 3am while I'm writing this.

An amazing team of people made all this happen and I sincerely hope you love what you see this year.

~beta

Hello everyone!

It's a pleasure to meet you! My name is Amalthea and I'm stepping into our chair role this year. I've been working

as a staff member for SNAFU Con since 2011 and I'm really excited to see you all again. It's always quite the ride making sure that our convention is fun and has something for everyone, but I wouldn't have it any other way.

I want to give a special thank you to our hardworking staff. The lengths some of our team goes to is inspiring and I've seen even more of the talent our team brings to the table this year. I truly love this convention and we wouldn't be here without our hardworking staff and all of our phenomenal attendees!

We have some wonderful guests lined up this year to bring you quality content. Our vendor and artist alley room is so brimming with amazing and nerdy trinkets and baubles, you can easily lose yourself there, if you don't get trapped by all the creations, big and small, that will get your fandom brain far too excited. And our biggest events, the cosplay masquerade and rave, will be exciting and over the top fun as always!

I'm so excited to be working with our staff and to see all of our wonderful attendees having fun at our convention this year. So here's to you, whether you're a staffer, an attendee, or anything in between. I am happy to have you with us for my favorite weekend of the year!

~Amy Heartilly

DaRapNerd

DaRapNerd, born Elwin G. Williams III and formerly known as Darealwordsound, is a trained bassist with more than ten years of experience playing and performing funk, rock, and hip-hop. From humble beginnings in San Francisco's Bay Area, DaRapNerd has transitioned into a producer and rapper using live instruments and samples to create funky, dynamic, memorable beats, even opening his own studio, BeatLayers Studio (Vacaville, CA). While he produces and records upcoming and local artists, he is a true musician, with an instrumental background that also includes electric guitar, keyboard, and drums. His trademark melodic beats are interspersed with up-beat, positive hip-hop lyrics.

From 2012-13, he toured with Hieroglyphics founder Del the Funky Homosapien and Bukue One as a road manager and live bassist. He also served as artist coordinator for the 2012 Deltron 3030 Canadian

Music Festival Tour. In 2013, DaRapNerd won first place in both the Crush Con Spring Beat Battle and the Fresh out of the Bay Cypher, and wrote the anthem for popular series *Shadow Hunters* by Scattered Comics; he has also collaborated with Bay Area producer Nick NT, producing the theme song for TVEPN's *The Slam Show*. He has toured at over a hundred venues since 2014 and has recently begun touring the convention circuit, embracing nerd culture and those who might feel a little different because of what they like. He is known for hosting panels such as "Nerd Culture + Hip Hop," which discusses how the two mediums have influenced each other since their inception; he aims to break down the myth that "nerds don't like hip hop and hip hop doesn't like nerds."

DaRapNerd wrote the anthem "Run Coast2Coast" for Vacaville's Noah Coughlan's cross-country awareness campaign; since then, he has expanded his philanthropic efforts to include mentoring for Seven Tepees Youth Program in San Francisco and recently became an active member of Today's Future Sound, helping empower and educate inner-city youth through music production.

Protect the Turkey Family!

The door to the unknown has been opened and the Turkey Family is under attack by mysterious spirits! Mr. & Mrs. Turkey have been spirited away, but have placed their child, Harry Turkey, in a special place that even spirits have trouble haunting. It is up to you to find out where Harry is and save him from the ghosts! The rules are simple:

- Know your dimension: Clues can be anywhere, on the floor, on the walls, or in nooks and crannies.
- Read clue instructions fully and carefully (A clue within a clue?!).
- DO NOT move the clues once you have found them (others are playing too).
- Don't share your findings with other players (let others figure it out).

- If you need a hint, reach out to the Medium (located at the vendor checkin desk) to speak with Mr. & Mrs. Turkey.

With each clue there will be small prizes to win as you go, but only the first 2 individuals who complete the whole course will win a bigger prize. Each day will be a fresh opportunity to solve the hunt, but beware: each day the clues will change. Now, go save Harry Turkey!

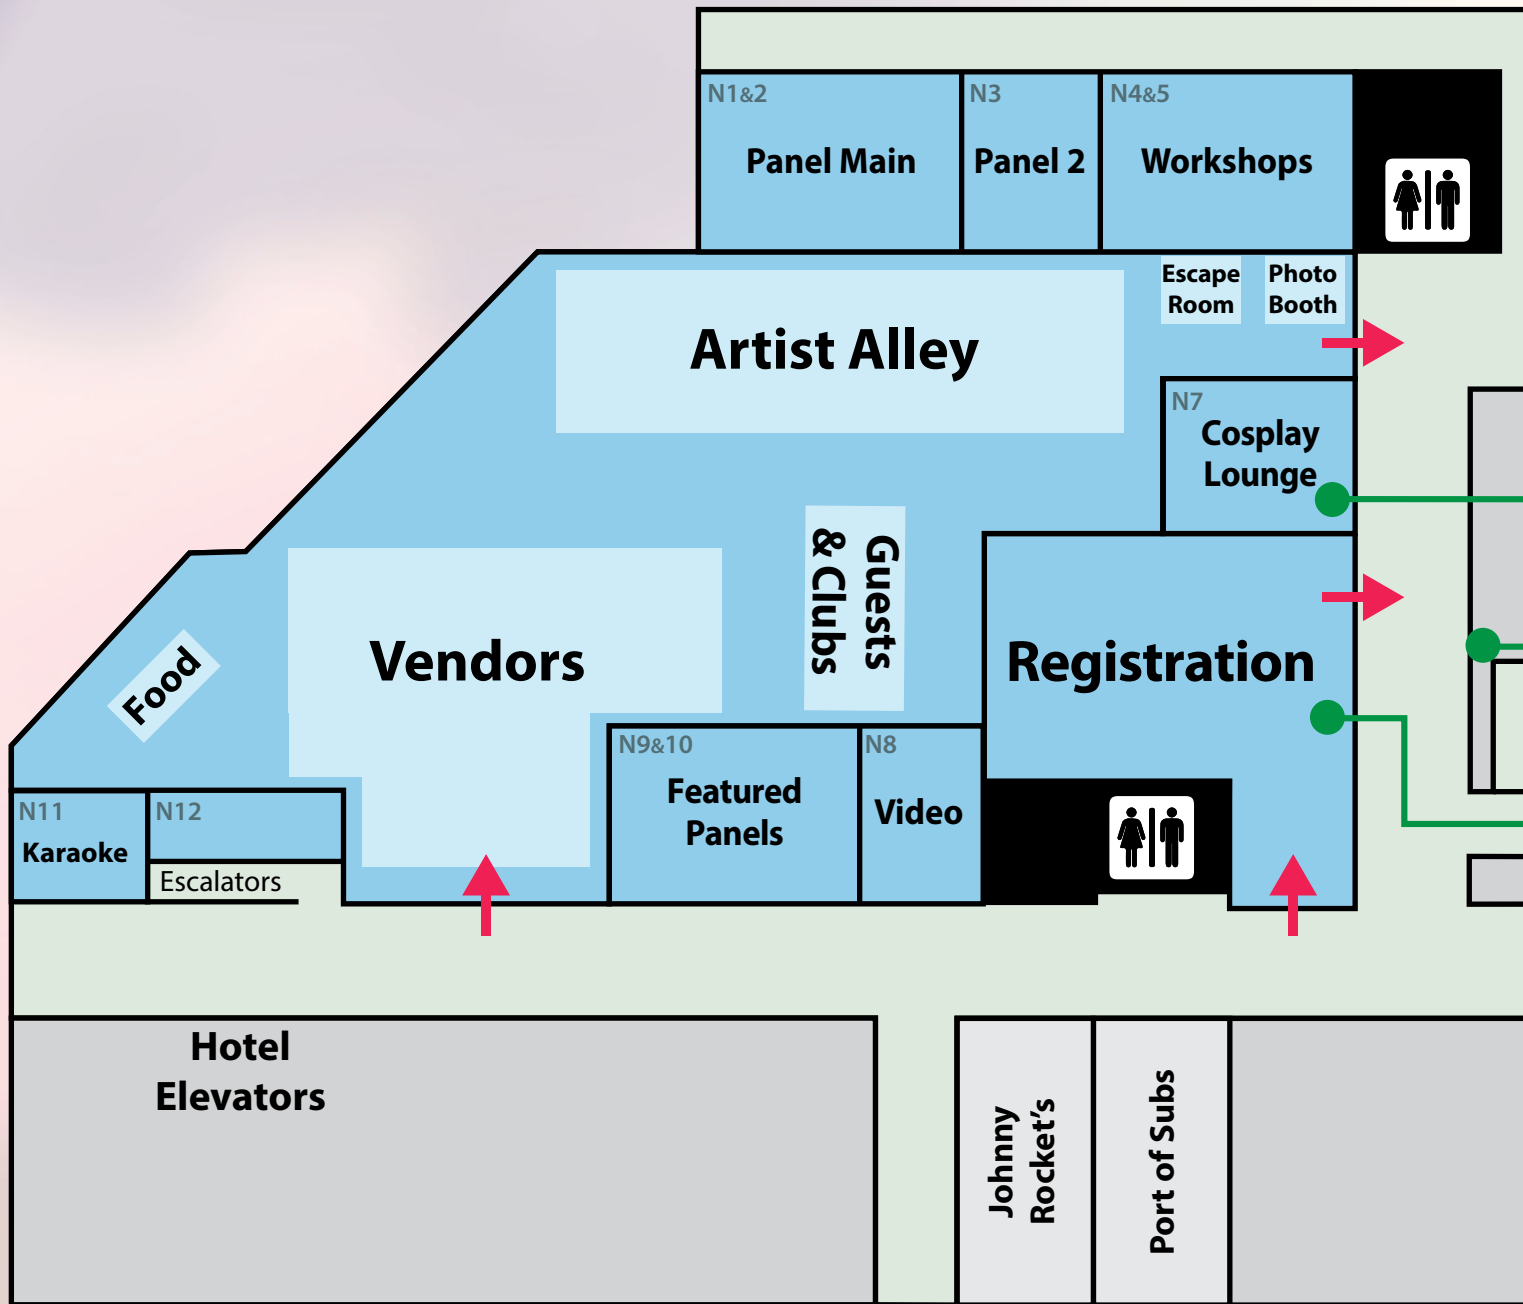

Artist Alley

Visit Artist Alley to find great fan art, gifts, crafts, and other handmade things. Drawings, postcards, buttons, and all kinds of artistic creations will be for sale. Ghost Hunters Wanted!

This year SNAFU Con is one of the most haunted cons in the country! Spirits from all over have come to join in the fun! But not all of these ghosts were invited. We've been overrun by spooky con-crashers and we need your help in catching them. Find them for us and we'll make it worth your while!

How to Play

There are ghosts hiding around the con floor. Well, there are lots of ghosts here this year, but the ones we're looking for are masquerading as lollipops covered in cloth.

When you find a ghost, bring it to the Artist Alley check-in table in the Vendors Room to receive your bounty! You can turn in ghosts any time during these hours:

Friday	12:00pm – 7:00pm
Saturday	10:00pm – 7:00pm
Sunday	10:00pm – 5:00pm

Rules

1. As the theme this year is Paranormal, you may see lots of ghosts walking around! You are only looking for cloth-covered lollipops – not any other decorations, guests, or cosplayers!
2. Ghosts are only hiding in the con space. They are not in the hallways, in the shops or restaurants, on the casino floor, or in the room floors. Please respect the other businesses in the Grand Sierra while hunting!
3. These spooks are tricky, but they will only be hiding behind or under things that are easy to move and won't be any higher than easy reaching height. If you do find one that you can't quite reach, please ask for help from staff in getting it down. There's a lot of very expensive equipment and fixtures on the con floor – don't mess with them!
4. Feel free to ask SNAFU Con staff, volunteers, or artists if they've seen any ghosts, but remember, the spirits are very good at playing hide-and-seek, so not everyone will have seen one.
5. There's no limit to how many ghosts you can capture. You can turn them in as you find them or all at once. Just do it before the vendors room closes on 5:00pm on Sunday!
6. Have fun hunting!

Learn the Future!

Get a **free** simple tarot reading at the fortune teller's tent in the Spooky Room. You can upgrade to a more involved reading for a small charge.

PPA #1-6: Doomsday Dawn, Chapter 6: Red Flags

Level 14

The Esoteric Order does not stay idle. The White Axiom has been recovered, but this esoteric knowledge is merely a key to a lock it doesn't yet have, a tome called The Last Theorem. While following up on rumors that a group of adventurers found and looted the book, only to go into hiding soon thereafter, Keleri Deverin came into possession of a letter that suggests the only existing copy of The Last Theorem is held in the treasury of a pirate Free Captain located on an island in the Shackles.

PPA #1-7: Doomsday Dawn, Chapter 7: When the Stars

Levels 1-7

The date of Golarion's "Doomsday Dawn" is but one week away. Time grows short, but before you can act, you must use the White Axiom to awaken the true potential of The Last Theorem, and, in so doing, discover what can be done to stop the end of the world.

But the process is dangerous, as you must merge your minds with the artifact in order to do so, and The Last Theorem will not abide the White Axiom without resistance...

PSP #1: The Rose Street Revenge

A series of Pathfinder Society quests designed for 1st-level PCs.

The Society doesn't often investigate serial killings, but one of its newest recruits is the latest victim. It's time for a band of Pathfinders to follow the clues, uncover these crimes, and end this threat.

PSP #3: Arclord's Envy

Level 5

Among the greatest archmages in Golarion's history is Nex, who created an arcane kingdom that shares his name and survives to this day. Although the archmage disappeared under mysterious circumstances millennia ago, his disciples the Arclords have continued his vision; at least what they can piece together from his surviving writings. The capital of Quantum's now abuzz with the news that another of Nex's texts has resurfaced, and already the owner has died under suspicious circumstances. Hoping to avert a political predicament as various arclords fight to inherit the text, the local authorities have hired the Pathfinder Society to untangle the situation as independent investigators.

PSP #4: The Frozen Oath

Levels 3-6

A prominent Starfinder Society leader who was only just rescued from a year of imprisonment has gone into hiding. Brought together to find this leader, the PCs must explore the kasatha colony ship, Idari, for information on where their target has hidden. From the heart of the Pact Worlds to the very edge of a dangerous stellar phenomena, it's up to the PCs to learn the history of the lost leader and return him safely to the Society.

SFS 1-05: The First Mandate

Levels 1-4

With a new generation of Starfinders already accomplishing great deeds within the Pact Worlds and beyond,

First Seeker Luwazi Elsebo is ready to announce the Starfinder Society's next initiative that will define her tenure. The PCs attend a gathering at the Lorespire Complex to socialize with several visiting dignitaries, each instrumental in the Society's survival following the Scoured Stars Incident. Nothing is as it seems, though, and when Radaszam, leader of the Acquisitives faction, uncovers a plot against the First Seeker, the PCs need to step in and ensure the Society's public event doesn't end in disaster!

SFS 1-11: In Pursuit of the Scoured Past

Levels 3-6

The PCs travel to the library world of Athaeum in search of answers to what happened during the Scoured Stars incident. The planet holds secrets thought to be lost to the rest of the galaxy and viciously guarded by its self-exiled extraplanar curators. As the PCs receive special dispensation to investigate Athaeum's vast records, they learn the first truths of the Scoured Stars and take their first steps in unraveling what happened during the Society's greatest mishap.

SFS 1-13: On the Trail of History

Levels 3-6

Now possessing key information about the mysteries of the Scoured Stars, the Starfinder Society sends the PCs to a distant star system in the Vast. The idea that the non-spacefaring natives of this system have any connection with the distant Scoured Stars seems unlikely, but it's up to the PCs to confirm if a connection does exist.

SFS 1-23: Return to Sender

Levels 5-8

While the Starfinder Society debates how to handle a newly emerged threat, faction leaders Historia-7 and Radaszam enact a dangerous mission to prove the Society is not an organization to trifle with. Taking a stolen enemy starship into the heart of a hostile alien empire, the

PCs must pave the way for a decisive strike against the jinsul menace.

SFS 1-26: Truth of the Seeker

Levels 3-6

A prominent Starfinder Society leader who was only just rescued from a year of imprisonment has gone into hiding. Brought together to find this leader, the PCs must explore the kasatha colony ship, Idari, for information on where their target has hidden. From the heart of the Pact Worlds to the very edge of a dangerous stellar phenomena, it's up to the PCs to learn the history of the lost leader and return him safely to the Society.

SFS 1-99: The Scoured Stars Invasion

Levels 1-8

Balancing time against the lives of the myriad trapped Starfinders, nominated First Seeker Luwazi Elsebo authorizes a dangerous mission to return to the fated region of space known as the Scoured Stars. The might of the resurgent Society is finally poised to breach the formerly impenetrable barrier surrounding the trinary system. The galaxy pauses to watch if a new generation of Starfinders can save those once lost.

SFS Quest 1-1: Into the Unknown

Come try Starfinder! This is the event for newbies!

When a mysterious visitor comes to Absalom Station selling items belonging to a lost Starfinder team, the Starfinder Society takes note. The PCs are dispatched to discover how the recent arrival found these items, leading them on a series of quests beyond the Pact Worlds and into the stars.

Whether this is your first year or your ninth year, we hope you've enjoyed our con. It takes hard work and dedication from staff and volunteers to make this event great. We continue to strive to make this convention better each year, but **we can't do it without your help**. Email hr@snafucon.com and tell us you want to be staff! Not only will you contribute to SNAFU Con's awesomeness, you'll also get a free badge!

Now I know what you're saying, "Staff? That sounds like a lot of hard work!" Well, it is, but ask any staff member and they'll tell you it's worth the effort. If your time is limited but you still want to help out, consider volunteering! Sign up as a volunteer by emailing volunteers@snafucon.com and letting us know! Volunteers only help out during con. You can earn your registration fee back with just four hours a day. You still get to see the panels, watch the anime, and participate in the tournaments.

With your help, we'll continue grow into a bigger and better con. Join us!

See you next year for SNAFU Con 2019!
